SEEKING REFUGE

Mekon has been making movies for as long as he can remember. And in 2014, he has to flee from his home country of Nigeria after his parents were murdered. The odds aren't in his favor. But instead of giving up, Mekon has to fight for his survival. In the summer of 2016, he decides to seek refuge in Europe. A European NGO captures him from a rubber boat on the border between Italy and Greece. In Malta, he is able to stay again.
